

There's No Scope We Can't Cover

AXIOS Industrial's best-in-class insulation solutions are proven to reduce risk and optimize efficiency. Our insulation experts are highly skilled applicators, trained to install a multitude of thermal insulation and metal jacketing specifications.

Unparalleled Expertise at Work for You

For more than 50 years, industrial clients have trusted our insulation team to help them optimize facility safety, efficiency and expenditures during maintenance, turnarounds, and capital projects.

AXIOS has proven expertise in a variety of thermal insulation and metal jacketing specifications required in the industrial sector. Our low-temperature applications include solutions such as chilled water systems and cryogenics. Intermediate temperature facilities benefit from the widest range of insulation services, while high-temperature insulation applications typically target boilers, turbines, breechings and other equipment.

For facilities with complex insulation needs, AXIOS delivers custom fabrication solutions addressing everything from noise reduction and energy efficiency to fire safety.

AXIOS Insulation Management (AIM™)

Our AIM program is a comprehensive approach to improving process control, increasing safety, avoiding unscheduled outages and increasing environmental performance. With a thorough understanding of the diverse purposes of insulation, AXIOS can more easily identify and resolve issues that compromise insulation integrity.

The AIM Program Includes

- / Lower energy costs/improve energy conservation
- / Evaluation and corrosion prevention (CUI)
- / Asbestos-containing materials (ACM) management
- / Damage assessment/preventive maintenance
- / Reduction of downstream maintenance costs

Industrial Insulation Services

- / Low-Temperature Applications (-459.6°F to 60°F)
- / Intermediate Temperature Applications (61°F to 600°F)
- / High-Temperature Applications (601°F to 1500°F)
- / Removable, Reusable and Flexible Applications
- / Insulation Covers and Blankets
- / Jacketing Systems
- / Soundproofing and Acoustical Absorption

Crafting Solutions for Complex Industries

When your job has no margin for error, trust our team to help you succeed. We have a proven track record for helping clients safeguard their crucial assets in some of the most complex industries known to man.

- / Oil and Gas
- / Agriculture
- / Power Generation
- / Pharmaceutical
- / Pulp and Paper

The AXIOS Safety Promise

- / Actively reinforce our commitment to employee health and safety
- / Promote the daily evolution of our behavior-based safety programs
- / Deliver a positive mentoring environment to reinforce our safe work practices
- / Recognize and reward safe work practices

You Deserve to Work With the Best

AXIOS is an industry-leading provider of industrial scaffolding, insulation, coatings and other specialty service solutions for turnarounds, capital projects and routine maintenance.

Our custom solutions are backed by unparalleled industry experience. Let us prove it to you.
